

APPLICATION NOTE:

SOLREVIEW MONITORING QUICK START GUIDE

March 29, 2024

Before activating the SolrenView monitoring service, please do the following steps first:

- Purchase the SolrenView Monitoring Service. This is the subscription to enable Solrenview, a web-based production monitoring service. (Please make sure you receive the 6 digits Solectria sales order number).
- Purchase the ENC-G5 Network Card. This should be installed in the wiring box or an external enclosure and is required to report data from the inverter.
- Provide the ENC-G5 with Internet access via Ethernet cable or SIM chip (ENC-C510 or ENC-C532)

After completing these steps, activate the SolrenView Monitoring Service. To do so, complete the SolrenView Order Form online: <https://www.solectria.com/products/monitoring/solrenview-order-form/>

- Now that you have already purchased the monitoring subscription, please answer “yes” on the 1st question

Have you purchased a SolrenView Monitoring Subscription Service from your Distributor – **Req.**

- Then input the 6 digit Solectria Sales order number (SO#). Please contact the distributor from whom the monitoring was purchased for this information.

Please provide the 6 digit Solectria Sales Order #. This is required and acts as a proof of purchase.

Sales Order # – **Req.**

- Please input all the PV DC System size information including complete model number and model wattage in the DC Panel Information section.

Quantity – **Req.**

Model – **Req.**

Watts DC – **Req.**

- Under years of service, please select the monitoring service purchased (5 or 10) in years.

Years of Service – Req.

- Finally, under hardware details, please make sure to input **ALL** inverter's models, AC voltage and most importantly the serial number for each inverter.

Hardware Details – Req. Please Include Inverter Model, AC Voltage and Inverter Serial Number

- Upon completing and submitting the SolrenView Order Form online, the Solectria team will start building the monitoring site and reach out when the process has been completed.

- To setup the ENC-G5 and daisy chain the inverters, please follow the instructions on our Quick Guide for ENC-G5. You can find this document online:
Solectria.com → Documentation → Installation & Operation Manuals/Guides → ENC-G5 Quick Start Guide (pdf)
- To setup and operate SolrenView web-based monitoring please follow the instructions on SolrenView™ Web-Based Monitoring. You can find this document online:
Solectria.com → Documentation → Installation & Operation Manuals/Guides → SolrenView™ Web-Based Monitoring Manual (pdf)
- If your monitoring portal has a message stating pending, off line or not created, please contact technical support.

Solectria Technical Support (<https://www.solectria.com/support/>)

The team is available to help between the hours of 8:30am to 6:00pm (EST) Mon-Fri.

- Call 978-683-9700, extension 2.
- Or email support@solectria.com
- For questions regarding the SolrenView Monitoring service contact monitoring@solectria.com
