

**FOR IMMEDIATE RELEASE****Learn, Assess and Apply the Latest in Solar***"Recharge with Solectria" A New Webinar Series for 2026*

**Lawrence, MA, January 22, 2026** – We are pleased to introduce [Recharge with Solectria](#), a dynamic new webinar series exploring the latest in solar technology, industry trends, and expert insights. These bimonthly sessions will focus on the critical role of inverters in today's solar energy systems and are designed to help attendees keep up to date on the latest technologies, industry trends and Yaskawa Solectria Solar offerings.

Additionally, participants will:

- **LEARN.** Discover emerging technologies, evolving standards, and the latest innovations shaping solar inverter performance and system design.
- **ASSESS.** Gain our perspectives to evaluate real-world challenges, market trends, and best practices across utility-scale and commercial solar.
- **APPLY.** Turn insight into action with practical guidance you can apply to your projects, designs, and operations.

Each webinar features industry experts from Yaskawa Solectria Solar and runs under an hour, delivering practical value you can use right away. Participation is always complimentary and attendees will receive a certificate of attendance once webinar has concluded.

Our first session on Thursday, January 29<sup>th</sup> at 11:00 AM CST – "[FEOC Compliance You Can Count On](#)" – will be presented by Miles C. Russell, Director of Product Management, and Jonathan Helmuth, Director of Sales. These two industry leaders will discuss the latest in Yaskawa Solectria Solar's US-Made XGI 1500 Inverters and company compliance with FEOC restrictions.

Tune in to hear about:

- Summary of evolving FEOC restrictions faced by the solar industry.
- Review of how Yaskawa Solectria Solar XGI 1500 Inverters stack up in terms of FEOC Compliance and Domestic Content for BABA Compliance.

**2026 Schedule**

- Thursday, March 26 - *Inverter Fault Resolution*
- Thursday, May 28 - *Working Safely Around Solar Inverters*
- Thursday, July 30 - *One Bus, Many Benefits: Demystifying DC Coupled Systems*
- Thursday, September 24 - *Topic Session Announced Soon*
- Thursday December 3 - *Topic Session Announced Soon*

**About Yaskawa Solectria Solar**

Yaskawa Solectria Solar, a wholly owned subsidiary of Yaskawa America, Inc., is the largest commercial inverter manufacturer in the U.S. Solectria's products include 25kW to 250kW inverters, string combiners and web-based monitoring for solar systems of all sizes. Solectria is backed by over 100 years of power electronics and inverter experience. All of Solectria's XGI 1500 three-phase utility-scale inverters are made in the USA. PV system owners, developers and EPCs rely on the high performance, reliability and bankability of Yaskawa Solectria Solar. To learn more please visit [www.solectria.com](http://www.solectria.com).

Yaskawa is the leading global manufacturer of low and medium voltage variable frequency drives, servo systems, machine controllers and industrial robots. Our standard products, as well as tailor-made solutions, are well known and have a high reputation for outstanding quality and reliability.
