# AMERICAN-MADE SOLAR INVERTERS

SOLECTRIA.COM

LARGEST US-BASED SOLAR INVERTER MANUFACTURER

Yaskawa Solectria Solar, a wholly-owned subsidiary of Yaskawa America, Inc., is the largest commercial inverter manufacturer in the U.S. Solectria's products include 25kW to 250kW inverters, string combiners and web-based monitoring for solar systems of all sizes. Solectria is backed by over 100 years of power electronics and inverter experience. All of Solectria's XGI 1500 three-phase utility-scale inverters are Made in the USA. PV system owners, developers and EPCs rely on the high performance, reliability and bankability of Yaskawa Solectria Solar.

Yaskawa is the leading global manufacturer of low and medium voltage variable frequency drives, servo systems, machine controllers and industrial robots. Our standard products, as well as tailor-made solutions, are well known and have a high reputation for outstanding quality and reliability.

Proud to Say Made in the USA

# PROUD TO SAY MADE IN THE USA

American-made SOLECTRIA® XGI inverters are designed for 1500V utility-scale applications of any size

- Buffalo Grove, IL
- Franklin, WI
- Lawrence, MA

Yaskawa Solectria Solar is the best choice for your next solar project. Our SOLECTRIA® XGI 1500 Inverters are Made in the USA, and have significant Domestic Content to help you qualify for the 10% ITC Bonus Credit, saving millions of dollars on your projects.

We are the largest US-based inverter manufacturer, with headquarters in Lawrence, MA, and world-class production facilities in Buffalo Grove, IL and Franklin, WI. Meeting the Federal Acquisition Regulations (FAR) definitions of a Commercial Off-The-Shelf (COTS) item, this also qualifies our SOLECTRIA® inverters as domestic end products, compliant with the Buy American Act (BAA).

Our product family features the SOLECTRIA® XGI inverters for 1500V utility-scale systems, a full lineup of string combiners designed for the XGI inverters, 1-2MW factory-integrated Power Racks, and DC-coupled and AC-coupled storage solutions.

Leveraging the strengths and resources of Yaskawa America, Inc., Solectria's experienced engineering and product development team has created the highest quality solar inverter product line that is unmatched in the PV industry.

- Made in the USA with Global Components
- Choose from 18 XGI Inverter Models in 5 Inverter Families
- 1-2MW Solectria XGI 1500 Power Racks
- PVS-500 DC-Coupled Storage System
- ACS-500 AC-Coupled Storage System
- Spare Parts Kits & Training to Simplify O&M

Yaskawa Solectria Solar is a wholly-owned subsidiary of Yaskawa America, Inc. and the largest inverter manufacturer based in the USA, with headquarters in Lawrence, MA, and world-class production facilities in Buffalo Grove, IL and Franklin, WI.

Solectria is backed by Yaskawa, a global leader in motor drives and robotics with over 100 years of power electronics and inverter experience, and continues to build the highest quality solar inverters and provide new innovations for the marketplace.
